

Last summer, fear of thatch caused Bea many sleepless nights.

Worried about thatch? How about leaving grass clippings on your lawn? Don't worry—get grasscycling! A little thatch (1/2") is actually good for your lawn. And those clippings are food for the soil. They'll be gone in days.

Don't lose any more sleep! For a complete guide on healthy lawn care, call **240.777.7700**. Or visit:
